

3-2-1

3 Things You Want to Remember:

1. _____

2. _____

3. _____

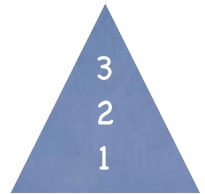

2 Things You Will Talk About With Someone Else

1. _____

2. _____

1 Thing You Will Do Before 30 Days Pass

1. _____

Let us pray:

All: Lord, You are the sower and reaper, the planter and harvester. We are eager to cultivate the gifts in the fertile soil of hearts open to You.

Left: "Intelligent people are always ready to learn. Their ears are open for knowledge." [Prov 18:15]

Right: "Finally, brethren, whatever is true, whatever is honorable, whatever is right, whatever is pure, whatever is lovely, whatever is of good repute, if there is any excellence and if anything worthy of praise, let your mind dwell on these things." [Phil 4:8]

Meditation – How are we cultivating our gifts?

Do I use the technology as a gift from God, to learn and expand my mind? Do I thank God for the technologies of modern life available to me, such as a computer, digital camera, car, etc.? Do I use technology in my life to become a fuller person, according to God's will?

All: Lord, The seed that fell on rich ground yielded a harvest of thirty, sixty, or one hundred fold. May the seeds that You have planted in our hearts, in all the gardens where we are called to be good stewards, produce a rich harvest for building up Your Kingdom. Amen

Curriculum Mapping and Student Tools

Ann Oro, Director of K-12 Instructional Technology
oroann@rcan.org

Objectives:

- Communicate with technology integrators from area schools while collaborating to create skill list for the Major Content Topics within the technology strands
- Participate in a Kahoot quiz
- Make and share an Educreations video tutorial individually or with a partner
- Preview Newsela.com, Xtramath.org, Whereis...?, and Storylineonline.net
- Select and join an Edmodo teacher created group for January
- Exchange ideas for bringing workshop information back to your local school

Overview

One of the hallmarks of our twenty-first century is the need to maintain the status of a lifelong learner. There are a number of ways that we can continually keep abreast of new methods to reach all students. Students can create tutorials to share and extend their learning to others around the world. As they create materials, teachers gain insight into student mastery.

Technology Assisted Learning Tools

- Kahoot** Multiple-choice feedback in a competitive gaming environment. Each student needs a device with an Internet connection.
www.getkahoot.com
- Kahoot.it** Student response side of the Kahoot website.
kahoot.it
- Educreations** Tool for creating audio narrated drawing and images. A microphone is required to begin recording through a web browser.
Site: www.educreations.com Samples: www.tinyurl.com/2014Dec16
- Storyline Online** Videos of actors reading children's storybooks.
www.storylineonline.net
- Whereis...?** A game to identify the location of cities and countries on a map.
backpacker-adventure-club.de/geo/
- Xtramath** A website to assist students in automaticity of addition, subtraction, multiplication, and division facts.
www.xtramath.org
- Newsela** A website to assist students in reading comprehension through daily news items. Students can change the reading Lexile.
